## Sick Child Care

We will see sick children on the same day whenever possible with appointments. Please call after 8:00 am to schedule an appointment. Appointments cannot be scheduled before the office opens at 8:00 am.

- We do not encourage walk-in visits; we prefer a phone call prior to your visit. Every effort will be made to schedule a same-day appointment for your sick or injured child.
- Walk-in visits will be seen, but we will have to fit them into our schedule, so be prepared to wait.

If your child is already scheduled for a well child visit, but happens to be sick, we may still be able to do the well visit. If you have additional sick children (e.g., siblings), please call ahead so that we can accommodate them.
